**David Snyder** is a Certified Information Systems Security Professional (CISSP), Certified Cloud Security Professional (CCSP), California-registered Civil Engineer (PE) and IEEE Senior Member. David's experience includes Apple, Google, Kaiser Permanente, PayPal, Yahoo!, and various startups for healthcare systems, electronic payments, mobile applications, and data security. His cybersecurity career started in e-commerce about 25 years ago. Earlier, he was an environmental engineer and before that a Certified Respiratory Therapy Technician working in hospital Intensive Care Units.  David is on the Board of the IEEE Consultants Network of Silicon Valley, a past board member of the Northern California Chapter of the Healthcare Information and Management Systems Society (HIMSS), and has been the organizer, moderator, or speaker for more than 20 conferences and seminars on healthcare, data security, and payments topics, including *Cybersecurity for Industrial Control Systems*, and a panel on *Communications, Computing, and Power during Disaster Response* at the 2022 IEEE Global Humanitarian Technology Conference.
